

# Open Water Tournament - Paks bravado

17.07.2021

**VENUE:** [Paks water theatre](#) → 7 km [Uszód](#) → 15 km [Kalocsa, Foktő](#)

**PLACE OF REGISTRATION:** [Paks water theatre](#)

## RACES

- **advanced - 7 km**
- **extreme - 15 km** (the 9 km race will start at the beginning of the day, in the first two 30 min time frames with a restricted number of swimmers)

## MAXIMUM NUMBER OF ENTRIES

- Advanced race - 3 km - **840** competitors
- Extreme race - 9 km - **120** competitors

**PROGRAMME** - Registration starts earliest at 7 AM prior to the first race time at Paks Water Theatre, where you can park (nearby), present the medical certificate / or do your medical check-up and pick up your microchip transponder technology installed in armbands. Subsequently, you will be able to change your clothes in the dressing rooms created for this purpose. We will keep your luggage safe at the registration area until you return. Please, do not bring any expensive clothing, watches, or jewelry, the organizers are not responsible for repair or replacement of lost or damaged items. Participants will depart from the pier of the water theatre at 30min intervals, where you'll have to activate the gps armband. The swimming lane is built in a 100-meter strip on the opposite, eastern bank of the Danube, where lifeboats will be stationing and patrolling along the shore to Uszód (7 km) and Kalocsa (15 km). At the finish venue you'll be able to see your race time on the scoreboard and a couple of minivans will be waiting to transfer you to a ferryboat, which takes you back to the the starting point, where you'll be able to take a shower, get dressed and receive finishers' goodies.

## TIME LIMITS

- **Advanced race** - 45 min / 1km (average indoor pool time)
- **Extreme race** - 20 min / 1km (average indoor pool time)

**NEOPRENE / EQUIPMENTS** - Swimming equipment (paddles, fins etc.) are allowed to use, but time results are not eligible for official race awards. Neoprene wetsuits are also allowed, but swimming results will only be eligible at water temps of below 18°C degrees.

**START / FINISH** - The water at the departing and arriving areas is gradually deepening, so you can walk in and out safely.

**NUMBER OF ENTRANTS** - The event lasts all day long, so we can let all the max 1000 competitors into the water safe and sound at 1 minute intervals. Securing the organization of a safe competition is first priority either for the authorities and for us, the organizers as well.

**SECURITY** - Pest County Search and Rescue Team is responsible for securing the venue with boats, stationing and patrolling around the swimming channel. Swimmers in need of help will be immediately assisted or pulled out of the water. On-land medical treatment will be provided by AMS Assistance.
